SYNOPSIS OF SCENES

The entire action takes place in the living room of the Stevens home.

Act I-Scene 1 - A day in summer
Scene 2 - Afternoon nearly four weeks later.

Act II-Scene 1 Evening the following Tuesday
Scene 2 - The next day.

THE STORY OF THE PLOT

The story has to do with Young Kirby Stevens who has a definite talent for music composition, but whose tastes run to melody and beauty rather than swing and syncopated noise. His ambition is to compose a great waltz song, one that will live in the hearts of its hearers. In this ambition, he is derided by all his young friends and his family but Sue Oliver, who is in love with Kirby believes in his future and never ceases to encourage him. Kirby is so engrossed in his music, however, that he almost loses Sue to Gilmore Scott, his rival. Kirby composes the waltz song "My Sweetheart", never dreaming that unconciously it is Sue who inspired it. After many discouragement, Kirby finally gets a hearing for his song and almost overnight it sweeps the country. Just as suddenly he realizes his latent love for Sue and to claim her as she is about to wed Gilmore. Through the comedy run several minor romances among the boys and girls. The entire comedy abounds in the sparkle and freshness of vivacious youth.

CAST OF CHARACTERS
